Last year we planted an idea and watched it grow. And we can't wait to show it to you.

Let's create something good, together.

Collaboration in a COVID world.

Partners for positive global impact

As creative thinkers and doers, we believe

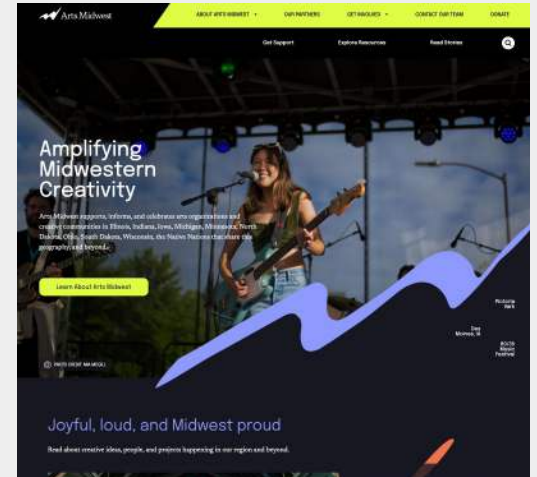

First impressions matter. Words matter. Your why matters.
We consider every audience touchpoint as an opportunity to
cultivate champions for your cause.

Annual Reports

This will include meaningful metrics, infographics, and interactive elements that will have a narrative flow that highlights your work, the impact you've made, and the stories from your community.

Impact Reports

Communicate to a variety of audiences about the measure of impact your organization has made, in a way that stands out but is still on-brand.

Research Reports

Present your research findings in a digestible and captivating format to convert readers into advocates to share the report with others in the social impact space.

Books

Professionally printed hard copies of your digital reports for distribution that look and feel good and entice new readers to take interest.

Toolkits

Campaign or brand toolkits, so your team is equipped with both the knowledge and the tools to be utilize their new creative assets and guidelines and maintain consistency.

Brochures

Physical copies of any digital assets you want to distribute to your audiences and stakeholders at in-person events. Creating thoughtful advocacy materials through the use of photographs, bold colours and icons.

Templates

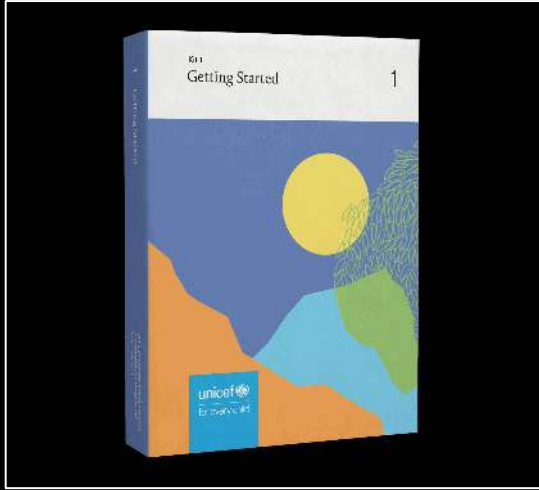

For both G-Suite & Microsoft, we design slide deck & document templates, graphic templates for social media or any additional collateral.

Presentation Materials

Ranging from physical or digital materials, brochures, poster boards, banners, any collateral you foresee needing for presentations, conferences and events.
